

## 1000's – Building –Site Inspections

1000	project status	1300	retention/detention stabilization	1500	site structure – retaining wall
1010	pre-construction				
1020	foundation survey	1310	retention /detention finish	1510	site lighting – placement/foundation
1030	final survey	1340	concrete form	1520	site lighting-pole set/fixture
1100	erosion control/protection	1350	concrete form- other	1530	site lighting-conductors/connectors
1110	silt fence	1360	walk-thru punch out		
1120	construction entrance	1370	punch list final	1540	site lighting-exterior building mounted
1130	mot – maint of traffic	1380	ramps/sidewalks/crosswalks ada	1550	flat work-bike path, trail
1140	pre-inspection	1390	parking – ada	1560	flatwork- sidewalk/pads/patios/lana i/landings
1150	compaction	1400	signage – ada	1570	stabilization
1160	pipe-valley / gutter install	1410	signage – control – ada	1580	final grade prior to sod
1170	road base/density	1420	vehicular way – ada	1590	final grade
1180	form board	1430	signage - building/info/direct/ada	1600	edging
1190	asphalt subgrade – test	1440	underground elec/swere/gas/water	1610	cleanup – ongoing
1200	asphalt subgrade finish	1450	underground site lighting conduits	1620	rolling straight edge
1210	asphalt temp	1460	site structure-shed/gazebo/foot bridge	1630	core testing
1220	asphalt – test	1470	site structure-trash dumpster	1640	materials
1230	asphalt placement	1480	site structure-fence/buffer walls	1650	final drainage
1240	asphalt striping	1490	site structure-loading docks	1660	substantial completion
1250	structure placement			1750	final
1260	pipe placement				
1270	structure/pipe attachment				
1280	end section				
1290	retention / detention rough				

## 2000's – Building – Residential Construction

2000	flood zone A – elevation cert approval	2225	gas rough	2480	exterior strap/clip
2010	foundation survey approved	2230	gas final	2490	insulation
2030	final survey approved	2250	monolithic slab	2500	demolition final
2040	roof affidavit	2260	2 <sup>nd</sup> floor slab	2510	retaining wall foundation
2045	project status	2270	footer	2520	retaining wall
2050	demolition	2280	stem wall foundation	2530	pre-pour
2060	plumbing 1 <sup>st</sup> rough	2290	track bolt	2540	seawall
2070	plumbing 2 <sup>nd</sup> rough	2300	down cell	2560	turbidity barrier
2080	plumbing pressure test	2310	base plate tie down	2570	seawall deadman cap
2090	sewer service	2320	lath / brick	2580	seawall cap
2100	tub set	2330	partial tie beam/lintel	2590	seawall final
2120	plumbing final	2350	tie down	2600	steel and ground
2130	HVAC rough	2360	column	2610	pool deck
2140	HVAC final	2370	column post/beam/tie down connector	2620	electric and alarm
2150	electric underground	2380	rake beam	2630	pool final
2160	electric 2 <sup>nd</sup> rough	2390	grade beam	2700	final
2170	electric temp pole	2400	floor/wall penetration	2710	fence/wall final
2180	electric feeder	2410	tilt wall	2720	shed final
2190	electric early power	2420	all rough	2730	roof final
2200	electric-tug	2450	exterior wall/shear wall	2750	building final
2210	electric final	2460	roof sheathing/braces/tie /down cell		
2220	service change	2470	shearwall		

## 2900's – Building- Green Inspections

2900 project status

2905 first rough plumbing

2910 monolithic slab

2915 lath/brick flashing

2920 lintel

2925 all rough

2930 roof sheathing

2935 insulation

2940 early power

2945 shear wall

2950 wall sheathing

2955 gas rough

2960 gas final

2980 final building

## 6500's -Landscape - Residential

6500 status

6510 tree removal

6520 pre-clearing

6530 landscape final

## 3000's - Building - Commercial Construction

3000	threshold affidavit	3220	electric other	3450	exterior wall sheathing/shearwall
3010	flood zone a certificate approved	3230	electric final	3460	roof sheathing/brace/tie down
3020	foundation survey	3240	gas rough	3470	above ceiling
3030	pre-construction meeting	3250	gas final	3480	shearwall
3040	project status	3260	monolithic slab	3490	exterior strap/clip
3050	demolition	3270	second floor slab	3500	floor/wall penetration
3060	building other	3280	footer	3510	insulation
3070	plumbing 1 <sup>st</sup> rough	3290	stem wall footing	3520	storefront
3080	plumbing 2 <sup>nd</sup> rough	3310	tilt wall	3530	tie down
3090	plumbing pressure test	3320	retaining wall foundation	3540	tub set
3100	sewer service	3330	retaining wall	3550	seawall deadman cap
3110	water service	3340	down cell	3560	seawall cap
3120	plumbing final	3350	lath/brick	3570	seawall final
3130	plumbing other	3360	lintel	3580	pool steel and ground
3140	HVAC rough	3370	tie beam	3590	pool deck
3150	hood rough	3380	partial tie beam/lintel	3600	pool final
3160	HVAC other	3390	column	3610	accessory final
3170	HVAC final	3400	column-post/beam/tie down connector	3620	roof final
3180	electric 1 <sup>st</sup> rough	3410	rake beam	3630	final
3190	electric 2 <sup>nd</sup> rough	3420	grade beam	3640	partial final
3200	electric temp power	3430	all rough	3650	building final
3210	electric early power	3440	framing		

## 4000's – Engineering

4000	contract info	4180	structure base material
4010	financial	4190	geo textile
4020	pre-con	4200	rip rap
4030	land acquisition	4210	grading
4040	clearing	4220	stabilization
4050	construction entrance	4230	erosion control
4060	demolition	4240	by pass pumping
4070	debris removal	4250	substantial completion
4080	dewatering	4260	final completion
4090	sheet pile installation	4270	close out documents
4100	geo tech survey		
4110	compaction testing		
4120	testing		
4130	material delivery		
4140	concrete form work		
4150	rebar		
4160	pipe installation		
4170	structure placement		

## 5000's – Fire Inspections

5000	firewall	5130	fire main placement/size/thrust/blocking
5010	firewall 2 <sup>nd</sup> rough	5140	fire main hydrostatic/backflow preventor
5020	firewall 3 <sup>rd</sup> rough	5150	fire pump 1 <sup>st</sup> rough /placement
5030	firewall final	5160	fire pump final
5040	fire alarm	5170	hood final
5050	fire alarm 1 <sup>st</sup> rough	5180	hood & extinguishing system
5060	fire alarm final	5185	heat sensor test
5070	fire system flush	5190	hood duct and duct lighting test
5080	fire sprinkler	5200	hood & extinguishing system functional test
5090	fire sprinkler 1 <sup>st</sup> rough	5210	fuel tank
5100	fire sprinkler 2 <sup>nd</sup> rough hydrostatic pressure test	5230	underground
5110	fire sprinkler hydrostatic test	5250	fire final
5120	fire sprinkler final		

## 6000's – Landscape - commercial inspections

6000	landscape project status	6060	site inspection
6010	tree removal	6070	irrigation final
6020	pre-clearing	6080	site sighting
6030	barricade/erosion control	6090	landscape punch list
6040	tree quality	6100	bonded landscape / irrigation asbuilts
6050	location backflow/preventer or pad	6150	landscape final

## 7000's - Public Works

7000 erosion control

7010 row damage

7030 pre-apron

7050 final apron (after pour)

7070 pit open

7090 pit closed

7110 pre-armor

7130 final armor

7150 row final

## 9000's – Utility

9000	Water Main Installation	9080	grease interceptor pre installation
9010	Sewer force Main Install/Testing	9090	grease interceptor installed/plumbed
9020	gravity sewer install/testing	9100	grease interceptor flow/die tested
9030	reuse main install / testing	9120	water meter installation/verification
9040	water main disinfection	9130	as-built submittal
9050	water main disinfection	9140	substantial completion
9060	pump station pre-installation	9150	utility commercial final
9070	pump station start up	9500	utility company residential final
