City Manager's

WEEK-IN-REVIEW

Storm Report

City Begins Hurricane Prep

As we prepare for the potential impact of Hurricane Dorian, residents are reminded to prepare ahead of time and take appropriate precautions. We encourage you to know your evacuation zones. You can find your zone with our interactive tool at www.palmcoastgov.com/emergency/evacuation-zones.

This week, Mayor Milissa Holland signed a proclamation on behalf of City Council, declaring a local state of emergency for the City of Palm Coast. In a social media video to our residents, Mayor Holland, encouraged residents to “be calm, be prepared and stay informed”.

City Begins Hurricane Prep (continued)

“Your city has been hard at work preparing for a possible severe weather event. That preparation has ramped up over the past week in response to Dorian...” said Mayor Holland. To view the Mayor’s State of Emergency video, and for up-to-date information, follow the City at:
