STAFF SPOTLIGHT

CHRIS COURCHESNE—PCTC Facility Clerk

Originally from Oregon, my family and I moved here from Wilbraham, MA where we lived for 8 years, in 2016 looking to get away from cold weather. We love spending time outdoors on the boat, at the beach, in the pool or bicycling. Some other things I enjoy are going to Disney World, camping and I am an avid craft beer lover! I like eating out with family and friends trying new restaurants, especially if there is a beach view.

My husband Brian is retired law enforcement and we have two daughters in college. My fur babies are two eight year old Dachshund dog siblings Buddy and Missy.

RECYCLING

Just a reminder that we recycle at PCTC! Our Facility Clerk Chris has recently joined the City of Palm Coast “Green Team” to help us bring a more focused effort here at PCTC to recycle properly. Thank you in advance for cooperating by throwing items such as empty plastic water/beverage containers, ball canisters and paper products in any of the **blue** bins labeled for recycle that you see around the courts and near the pavilion. We ask that you do not put these recyclable items into the small black bins on the courts that are for regular trash only. **GLASS CONTAINERS ARE PROHIBITED AT PCTC.**

Recycling at your home- Did you know that Palm Coast residents have the opportunity to save money each year on purchases from area businesses when actively recycling? You can find out more details about what is recyclable, and the Waste Pro Rewards for Recycling program at:
<https://www.palmcoastgov.com/recycle>

PALM COAST PARKS & RECREATION

Fall 2018 Activity Guide available at:

www.palmcoastgov.com/recreation

Register for programs at: www.parksandrec.fun

⇒ **Did you know...** there are multiple City of Palm Coast parks with pavilions that can be rented for private functions and gatherings with family and friends? The largest pavilions are at James F. Holland Memorial Park. You can book online under “Facility Rentals” or call Parks & Recreation at 386.986.2323.

We are now more actively utilizing the [Palm Coast Tennis Center](#) Facebook page. If you are a Facebook user, we invite you to like our page so you can have access to real time posts about upcoming events, programs or fun photos of recent events. This is separate from the [Palm Coast Parks & Recreation](#) Facebook page.

FUN FACTS

Tennis was initially played with your hands. It was called “jeu de paume” (game of the palm). People’s hands were presumably worn and red until the 16th century when racquets came into use!

The first women to play in the Wimbledon tournament wore full length dresses.

In the beginning, tennis courts were hourglass shaped. Rectangular courts have been in existence since 1875.
