## ANNUAL ACTION PLAN

Annual Action Plan includes the [SF 424](#) and is due every year no less than 45 days prior to the start of the grantee's program year start date. HUD does not accept plans between August 15 and November 15.

### Executive Summary 91.220(b)

**1. The Executive Summary is required. Include the objectives and outcomes identified in the plan and an evaluation of past performance.**

As a CDBG entitlement community, the City of Palm Coast is required to submit an Annual Action Plan to direct use of CDBG funds. FFY 2016 is the final year of the City's initial 5-year Consolidated Action Plan. CDBG funding has previously been programmed for infrastructure improvements to qualified low-moderate income neighborhoods, financial assistance program for home repair for low-moderate income households, public service activities, as well as planning and administration activities. The City intends to continue with the above named activities in FFY 2016.

To meet the statutory program goals of decent housing, a suitable living environment, and expanded economic opportunities to benefit low-moderate income persons and households, the City continues to rely on the objectives, policies, and actions identified in various City documents such as: the *City Budget*, the *City Capital Improvements Plan (CIP)*, the *2035 Comprehensive Plan*, the *Recreation and Parks Facilities Master Plan*, the *Pedestrian and Bicycle Facilities Master Plan*, and the City's Economic Development Plan, *Prosperity 2021*.

These objectives, policies, and actions include the following:

#### For Decent Housing:

- **Encourage Home Ownership and Reinvestment** by providing financial assistance programs for home repairs to retain the affordable housing stock.

#### For Suitable Living Environment:

- **Invest in Capital Projects** that improve the safety and livability of neighborhoods.
- **Expand Availability of Public Service** by expanding access to public service programs.

Based on the existing objectives, policies, and actions identified above, the proposed activities in the Action Plan-FFY 2016 correspond to priority needs and specific local objectives.

The City of Palm Coast has been advised that its CDBG allocation for FFY 2016 will be \$474,932. These funds will be programmed as follows:

**Proposed CDBG Program Budget – Action Plan FFY 2016 (2016/2017)**

**Citizen Participation and Consultation 91.200 and 91.220(b)**

2. Provide a summary of the citizen participation and consultation process (including efforts to broaden public participation in the development of the plan).

a. Based on the jurisdiction’s current citizen participation plan, provide a summary of the citizen participation process used in the development of the consolidated plan. Include a description of actions taken to encourage participation of all its residents, including the following:

1. low- and moderate-income residents where housing and community development funds may be spent;
2. minorities and non-English speaking persons, as well as persons with disabilities;
3. local and regional institutions and other organizations (including businesses, developers, community and faith-based organizations);
4. residents of public and assisted housing developments and recipients

- of tenant- based assistance;
- 5. residents of targeted revitalization areas.

The City of Palm Coast encourages comments from all residents and service providers regarding the City's CDBG program as well as participation by all qualified participants in its housing and community development programs. During the preparation of the Consolidated Action Plan, documents, such as annual reports from social service providers were reviewed to gauge need within the City. Communication/coordination with Continuum of Care staff (Flagler/Volusia Coalition for the Homeless), the Flagler County Department of Health, the City's Community Development Department, Engineering Department, Public Works Department, Recreation and Parks Department, as well as staff of the Palm Coast Business Assistance Center provided information that was used to determine needs and priorities in the Consolidated Action Plan.

Additionally, the Consolidated Plan relies on documents which were completed and reviewed with full involvement by the public. These documents include: the City Budget, the City CIP, the City's 2035 Comprehensive Plan, the Pedestrian-Bicycle Master Plan, the Recreation and Parks Facilities Master Plan, and Prosperity 2021, the City's Economic Development Plan.

**b. Identify agencies, groups, and organizations that participated in the process. This should reflect consultation requirements regarding the following:**

1. General §91.100 (a)(1) - Consult with public and private agencies that provide health services, social and fair housing services (including those focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families, homeless persons) during the preparation of the plan.
2. Homeless strategy §91.100 (a)(2) – Consult with public and private agencies that provide assisted housing, health services, and social services to determine what resources are available to address the needs of any persons that are chronically homeless.
3. Metropolitan planning §91.100 (a)(5) - Consult with adjacent units of general local government, including local government agencies with metropolitan-wide planning responsibilities, particularly for problems and solutions that go beyond a single jurisdiction, i.e. transportation, workforce development, economic development, etc.
4. HOPWA §91.100 (b) - Largest city in EMSA consult broadly to develop metropolitan-wide strategy for addressing needs of persons with HIV/AIDS and their families.
5. Public housing §91.100 (c) -- Consult with the local public housing agency concerning public housing needs, planned programs, and activities.

The following public and private agencies, groups, and organizations were consulted in various ways during the preparation of the Consolidated Action Plan. Consultation with these entities came in the form of discussion, reviewing specific reports or plans prepared by an agency or service provider.

As part of the process in the completion of the Annual Action Plan, the City hosts a series of public workshops and hearings to seek input on the creation of the Annual Action Plan. A public workshop/hearing is hosted by the Citizens Advisory Task Force (CATF) that covers the proposed activities to be funded with annual allocation for the fiscal year. All interested parties (social service providers, citizens, etc.) are invited to attend and provide comment on the proposed action plan. In addition to the public workshop/hearing before the CATF, the City Council also holds a workshop followed by a public hearing.

In addition to the public workshop/hearing process, City staff will meet with local partners such as the Flagler County SHIP program coordinator to seek input on the Annual Action Plan. City staff from various departments such as public works, public

utilities, economic development, Stormwater, parks and recreation will also provide input in helping to identify needs and programs that may have the potential to be funded with CDBG funds.

**3. Provide a summary of citizen comments or views on the plan.**

The City made the 2016 Annual Action Plan available for 30-day comment period between May 9, 2016 and June 7, 2016. The City did not receive any comments on the FFY 2016 Annual Action Plan.

**4. Provide a written explanation of comments not accepted and the reasons why these comments were not accepted.**

The City did not receive comments on the 2016 Annual Action Plan during the 30 day comments period between May 9, 2016 and June 7, 2016.

**Resources 91.220(c)(1) and (c)(2)**

**5. Identify the federal, state, and local resources (including program income) the jurisdiction expects to receive to address the needs identified in the plan. Federal resources should include Section 8 funds made available to the jurisdiction, Low-Income Housing Tax Credits, and competitive McKinney-Vento Homeless Assistance Act funds expected to be available to address priority needs and specific objectives identified in the strategic plan.**

The City expects to have approximately \$474,932 allocated through the CDBG program. There is no program income expected, should program income become available, such income will be made available for owner-occupied housing rehabilitation.

**6. Identify federal resources the jurisdiction expects to receive from the Housing and Economic Recovery Act and the American Recovery and Reinvestment Act that will be used to address priority needs and specific objectives identified in the plan.**

**Identify whether Neighborhood Stabilization Program funding is being used to address priority needs.**

**Identify whether CPD funding will be coordinated with Department of Energy's Energy Efficiency and Conservation Block Grants, and the Department of Labor's Workforce Investment Act programs to provide opportunities for unemployed, lower-skilled, and low-income women and men to advance along a middle class career track of increasing skills and wages.**

The City's NSP programs (1 and 3) are now closed after expenditure of all available funds. Should program income become available from these programs, such income will be dedicated to owner-occupied housing rehabilitation.

**7. Explain how federal funds will leverage resources from private and non-federal public sources.**

## Annual Objectives 91.220(c)(3)

*\*If not using the CPMP Tool: Complete and submit Table 3A.*

*\*If using the CPMP Tool: Complete and submit the Summary of Specific Annual Objectives Worksheets or Summaries.xls*

As appropriate CDBG funds will be leveraged by resources from private and non-federal public sources. To the extent possible, City intends to use available staff and resources to stretch the CDBG dollars. City staff may be used for construction, administrative, planning, or design/engineering activities related to CDBG projects.

### 8. Provide a summary of specific objectives that will be addressed during the program year.

## Description of Activities 91.220(d) and (e)

*\*If not using the CPMP Tool: Complete and submit Table 3C*

*\*If using the CPMP Tool: Complete and submit the Projects Worksheets and the Summaries Table.*

### 9. Provide a summary of the eligible programs or activities that will take place during the program year to address the priority needs and specific objectives identified in the strategic plan.

**Describe the outcome measures for activities in accordance with Federal Register Notice dated March 7, 2006, i.e., general objective category (decent housing, suitable living environment, economic opportunity) and general outcome category (availability/accessibility, affordability, sustainability).**

The following is a summary of specific objectives and eligible programs and activities that will be addressed during the program year.

#### **DH-3: Sustainability of Decent Housing**

DH-3 (Outcome): Retaining the affordable housing stock

Create/preserve up to 4 qualified affordable owner-occupied housing units. This is an on-going activity for the City.

#### **SL-1: Accessibility/Availability of Suitable Living Environment**

SL-1 (Outcome): Improving the safety and livability of neighborhoods

SL-1 (Outcome): Expand public services to improve access/affordability for qualified participants

The City will move forward with completing the next phase of the Seminole Woods Neighborhood Multi-Use Path project (approximately 1.2 miles). Since 2012, the City has completed approximately 3.5 miles of the proposed 8 mile multi-use path (another 1.5 mile segment is slated to begin construction in June 2016). The City will continue to fund the project using CDBG dollars until the approximately 8 mile project is complete. It is estimated that this year's proposed allocation of \$250,000 combined

with previous CDBG allocations and funding from other sources will be adequate to complete the final phases of the project.

In addition to public infrastructure improvements, the City will allocate CDBG funds to existing public service activities programmed by the City. Expansion of the program will improve accessibility/affordability of programs such as summer camp, or other recreational programs to qualified participants.

Additionally, \$25,000 is to be allocated to the Flagler County Free Clinic, a 501(c)3 organization that provides free medical services to uninsured, economically-challenged residents of Flagler County. As with any CDBG activities, the sub-recipient and award of funds would be subject to meeting all requirements of the CDBG program.

Unused funds for an activity may be redistributed consistent with the procedures specified in the Citizens Participation Plan.

**EMERGENCY OR URGENT NEED OBJECTIVES**

Emergency Objectives Outcome: Address Community Needs before, during, and after an emergency from life threatening conditions.

Utilizing available funding, the City will be prepared to address community needs before, during and after an emergency, if the need arises. Activities that may be funded may include infrastructure work, housing activities (repair), or public service. These are activities which are consistent with on-going actions funded by CDBG funds.

**Geographic Distribution/Allocation Priorities 91.220(d) and (f)**

**10. Describe the geographic areas of the jurisdiction (including areas of low income families and/or racial/minority concentration) in which assistance will be directed during the next year. Where appropriate, the jurisdiction should estimate the percentage of funds the jurisdiction plans to dedicate to target areas.**

Housing assistance and public service programs offered under this program will be available to all qualified residents Citywide. Infrastructure improvements to be funded under this program will be focused on qualified areas with the infrastructure needs identified in the City's Consolidated Action Plan.

There are no concentrated minority areas in the City of Palm Coast. However, the areas which qualify under the "Area Benefit" criteria has been identified for implementation of public infrastructure projects. For FY 2016/17, approximately \$250,000 of the available funds will be directed to a qualified area. The area for infrastructure improvement was identified and prioritized due to the lack of bicycle-pedestrian facilities within the neighborhood.

**11. Describe the reasons for the allocation priorities, the rationale for allocating investments geographically within the jurisdiction (or within the EMSA for HOPWA) during the next year, and identify any obstacles to addressing underserved needs.**

### **Seminole Woods Multi-Use Path Project**

The target area includes a portion of the City in need of bicycle/pedestrian facilities. While most major arterials and roadways in the City have a bicycle facility, the main roadway (Seminole Woods Parkway) through the target area (Seminole Woods neighborhood) still lacks a continuous pedestrian/bicycle amenity. The completion of providing bicycle/pedestrian facilities in the Seminole Woods neighborhood will total approximately 8.1 miles. CDBG funds were previously dedicated for the implementation of this facility. To complete the project an allocation of \$250,000 from this year's funds will be needed.

### **Housing Rehabilitation and Public Services**

The rationale for targeting housing and public service assistance citywide is a recognition that the City has needs for maintaining housing stock and that concentrations of residents who may benefit from public services provided under the CDBG program are scattered throughout the City. The obstacle for providing underserved needs is again the lack of adequate funding for the demand in financial assistance for housing improvements.

Data from the Shimberg Center indicates that 25% of all owner-households are moderately or severely cost burdened (greater than 30% of gross income goes to mortgage).

### **Annual Affordable Housing Goals 91.220(g)**

*\*If not using the CPMP Tool: Complete and submit Table 3B Annual Housing Completion Goals.*

*\*If using the CPMP Tool: Complete and submit the Table 3B Annual Housing Completion Goals.*

**12. Describe the one-year goals for the number of homeless, non-homeless, and special-needs households to be provided affordable housing using funds made available to the jurisdiction and one-year goals for the number of households to be provided affordable housing through activities that provide rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units using funds made available to the jurisdiction. The term affordable housing shall be defined in 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership.**

The City will allocate approximately \$164,932 for financial assistance for repair of owner-occupied housing units. This allocation is consistent with objectives to protect the City's affordable housing stock.

### **Public Housing 91.220(h)**

**13. Describe the manner in which the plan of the jurisdiction will help address the needs of public housing and activities it will undertake during the next year to encourage public housing residents to become more involved in management and participate in homeownership.**

Not Applicable.

**14. If the public housing agency is designated as "troubled" by HUD or otherwise is performing poorly, the jurisdiction shall describe the manner in which it will provide financial or other assistance in improving its operations to remove such designation during the next year.**

Not Applicable.

### **Homeless and Special Needs 91.220(i)**

**15. Describe, briefly, the jurisdiction's plan for the investment and use of available resources and describe the specific planned action steps it will take over the next year aimed at eliminating chronic homelessness.**

The Homeless Strategic Plan for Volusia/Flagler County is contained in the Volusia/Flagler County Coalition for the Homeless Ten-year Plan. The City will conduct no direct activities in this area but supports the efforts of the Coalition.

In recognition of the following limitations for the City: limited funds are available through the CDBG program to address all the needs in the City, and limited capacity to provide social services. The City will focus on prevention or assisting households from becoming homeless as a step to eliminating chronic homelessness.

Strategies and programs in the Consolidated Action Plan such as funding to assist low-moderate income households with home repair, or assistance through the expansion of public services aims to assist low-moderate income household financially and prevent them from falling into the homeless category.

**16. Describe specific action steps to address the needs of persons that are not homeless identified in accordance with 91.215(e).**

The City will provide assistance for special needs population through the following programs: financial assistance for home repair, infrastructure improvements to promote investment in neighborhoods and create healthier neighborhoods, and providing improved access/availability to public services.

### **DH-3: Sustainability of Decent Housing**

DH-3 (Outcome): Retaining the affordable housing stock

Preserve up to 4 affordable owner-occupied housing units.

### **SL-1: Accessibility/Availability of Suitable Living Environment**

SL-1 (Outcome): Improving the safety and livability of neighborhoods

Complete the 8.1 miles of bicycle/pedestrian facilities in the Seminole Woods neighborhood. (Project to be implemented in phases).

SL-1 (Outcome): Expand public services to improve access by and affordability for qualified participants

Provide recreational services/day care/summer camp activities for up to 15 qualified participants.

Provide assistance to the Flagler County Free Health Clinic to provide health services to uninsured, economically challenged residents of Palm Coast. In previous years (2014-2015), the clinic provided care to 2,700 patients.

**17.Homelessness Prevention—Describe planned action steps over the next year to address the individual and families with children at imminent risk of becoming homeless.**

The City will take the following steps over the next year to address the individual and families with children at imminent risk of becoming homeless:

- Provide financial assistance for home repair to assist low-moderate income households from becoming overburdened with home repair costs,
- Provide public services to low-moderate income persons to assist with cost of living, by providing recreational scholarships or health care service to qualified persons, and
- Infrastructure improvements to promote investment in neighborhoods and create healthier neighborhoods.

**Barriers to Affordable Housing 91.220(j)**

**18.Describe the actions that will take place during the next year to remove barriers to affordable housing.**

The City will continue to coordinate with Flagler County consistent with the existing Interlocal Agreement for Joint Local Housing Assistance Program. This agreement allows the City and County to partner in the delivery of housing programs to qualified participants in Palm Coast/Flagler County. Currently, this interlocal agreement enables Flagler County staff to provide intake services as part of the City's Neighborhood Stabilization Program. The interlocal agreement has also allowed SHIP dollars intended for the City to be used on a Countywide basis under the administration of Flagler County SHIP program. This collaboration between the City and County has resulted in more efficient use of program funding.

The City's CDBG program will provide financial assistance to maintain the housing stock for qualified low/moderate income households.

Finally, the Comprehensive Plan and City Land development regulations allow the use of Master Planned Development agreements to encourage flexibility in development. This flexibility is designed to encourage maximum use of available density on parcels through design techniques such as clustering of units, smaller lot sizes, and additional height.

## **Other Actions 91.220(k)**

**19. Describe the actions that will take place during the next year to address obstacles to meeting underserved needs, foster and maintain affordable housing, evaluate and reduce the number of housing units containing lead-based paint hazards, reduce the number of poverty-level families develop institutional structure, enhance coordination between public and private agencies (see 91.215(a), (b), (i), (j), (k), and (l)).**

**Meeting Underserved Needs:** Funds from CDBG will be dedicated to further implement the City's goals and objectives targeting the following:

- For Decent Housing:
  - Encourage Home Ownership and Reinvestment by providing financial assistance programs for home repairs to retain the affordable housing stock.
- For Sustainable Living Environment:
  - Invest in Capital Projects that improve the safety and livability of neighborhoods.
  - Improve availability/accessibility of public service activities to low-moderate income persons.

**Foster & Maintain Affordable Housing:** The City will dedicate CDBG funding to provide financial assistance for repair of owner-occupied housing units.

**Lead-Based Paint Hazards:** During the primary inspection, to determine eligibility for the City's CDBG program, testing will be undertaken to determine the presence of lead. The City will incorporate the current procedures for hazard reduction as defined in 24 CFR Part 35.

**Reduce the Number of Poverty-Level Families:** The City will dedicate CDBG funding to provide recreation program scholarships to qualified participants.

**Institutional Structure & Enhance Coordination between Public and Agencies:** The City's strategy to improve institutional structures occurs predominantly through communication and partnership with private, public, and nonprofit organizations. This coordination will probably be strengthened as the City continues to expand services using CDBG funds.

**20. Describe the actions to coordinate its housing strategy with its transportation planning strategies to ensure to the extent practicable that residents of affordable housing have access to public transportation.**

Currently, Palm Coast/Flagler County does not have fixed transit service. The public transportation service available in the County is door-to-door paratransit service provided by Flagler County Public Transportation. It is important to note that the City's state-mandated Comprehensive Plan includes a policy that identifies criteria for potential sites for affordable housing. The Policy reads:

***Policy 3.1.3.3** – The City shall provide assistance to housing developers in identifying sites for affordable housing for very low, low, and moderate-income households. Potential sites shall be evaluated based on the following criteria:*

- A. Availability of existing or planned roads and central utilities;*
- B. Proximity of existing or planned schools, parks, and other public facilities;*
- C. Proximity of existing or planned employment centers; and*
- D. Proximity to grocery stores and medical facilities.*

The City intends to continue to follow and implement this policy in identifying appropriate locations for affordable housing.

Additionally, as members of the River to Sea Transportation Planning Organization (R2CTPO), the City participates in regional discussions on public transportation systems including transit.

## Specific CDBG Certifications

The Entitlement Community certifies that:

**Citizen Participation --** It is in full compliance and following a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.105.

**Community Development Plan --** Its consolidated housing and community development plan identifies community development and housing needs and specifies both short-term and long-term community development objectives that provide decent housing, expand economic opportunities primarily for persons of low and moderate income. (See CFR 24 570.2 and CFR 24 part 570)

**Following a Plan --** It is following a current consolidated plan (or Comprehensive Housing Affordability Strategy) that has been approved by HUD.

**Use of Funds --** It has complied with the following criteria:

1. Maximum Feasible Priority. With respect to activities expected to be assisted with CDBG funds, it certifies that it has developed its Action Plan so as to give maximum feasible priority to activities which benefit low and moderate income families or aid in the prevention or elimination of slums or blight. The Action Plan may also include activities which the grantee certifies are designed to meet other community development needs having a particular urgency because existing conditions pose a serious and immediate threat to the health or welfare of the community, and other financial resources are not available);
2. Overall Benefit. The aggregate use of CDBG funds including section 108 guaranteed loans during program year(s) 2016 , \_\_\_\_\_ (a period specified by the grantee consisting of one, two, or three specific consecutive program years), shall principally benefit persons of low and moderate income in a manner that ensures that at least 70 percent of the amount is expended for activities that benefit such persons during the designated period;
3. Special Assessments. It will not attempt to recover any capital costs of public improvements assisted with CDBG funds including Section 108 loan guaranteed funds by assessing any amount against properties owned and occupied by persons of low and moderate income, including any fee charged or assessment made as a condition of obtaining access to such public improvements.

However, if CDBG funds are used to pay the proportion of a fee or assessment that relates to the capital costs of public improvements (assisted in part with CDBG funds) financed from other revenue sources, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds.

The jurisdiction will not attempt to recover any capital costs of public improvements assisted with CDBG funds, including Section 108, unless CDBG funds are used to pay the proportion of fee or assessment attributable to the capital costs of public improvements financed from other revenue sources. In this case, an assessment or charge may be made against the property with respect to the public improvements financed by a source other than CDBG funds. Also, in the case of properties owned and occupied by moderate-income (not low-income) families, an assessment or charge may be made against the property for public improvements financed by a source other than CDBG funds if the jurisdiction certifies that it lacks CDBG funds to cover the assessment.

**Excessive Force --** It has adopted and is enforcing:

1. A policy prohibiting the use of excessive force by law enforcement agencies within its

jurisdiction against any individuals engaged in non-violent civil rights demonstrations; and

2. A policy of enforcing applicable State and local laws against physically barring entrance to or exit from a facility or location which is the subject of such non-violent civil rights demonstrations within its jurisdiction;

**Compliance With Anti-discrimination laws** -- The grant will be conducted and administered in conformity with title VI of the Civil Rights Act of 1964 (42 USC 2000d), the Fair Housing Act (42 USC 3601-3619), and implementing regulations.

**Lead-Based Paint** -- Its activities concerning lead-based paint will comply with the requirements of 24 CFR Part 35, subparts A, B, J, K and R;

**Compliance with Laws** -- It will comply with applicable laws.
