

Talking Recycling & Doorstep **TRASH** Hazardous Waste Collection

TRASH to CASH (Recycling)

Recycling is simplified to single stream. You may now place all recyclables into one bin instead of separating them into two. And here's a brand new added bonus in the program: Turn your trash to cash by recycling and receiving reward coupons for discounts with local restaurants and retailers. Discount coupons are available to everyone who recycles, with those contributing the most being eligible for a quarterly drawing for fabulous prizes.

TRASH to DASH (Doorstep Hazardous Waste Collection)

Hazardous waste materials such as paint, batteries used oil or fluorescent light bulbs can be collected right at your front door, scheduled once a month on rotating Saturdays. Residents wishing to dispose of hazardous waste must arrange for a pick-up EACH TIME. Please be aware that minimum & maximum quantities will apply. Please call Waste Pro at (386) 586-0800 for more details.
