\*Residential lot with final plat approval as of December 30, 1977.

<sup>1</sup> Acreage for any unenclosed material and vehicle storage, sales and display shall be converted to gross floor area.

<sup>2</sup> The gross floor area for any buildings shall be converted to acreage.

<sup>3</sup> Excludes all outparcels. The fee for any outparcel shall be based on the applicable land use. Also excludes any type of drive-thru, vehicle fueling positions or free-standing ATM, which are additive fees in addition to the fee for the multi-tenant retail center.

<sup>4</sup> Areas for outdoor seating shall be converted to gross floor area. Any drive-thru associated with a restaurant will be an additive fee to the fee per square foot for the restaurant. The number of drive-thru lanes will be based on the number of lanes present when an individual places an order. The restaurant drive-thru rate applies for any building, whether a multi-tenant, free standing or convenience land use.

<sup>5</sup> Bank building square footage falls under office and is an additive fee beyond the fee due for bank/ATM drive-thru lanes or free standing ATMs. These rates are per drive-thru lane for the bank and per drive-thru lane with an ATM. The free standing ATM is for an ATM only and not an ATM within or part of another non-financial building, such as an ATM within a grocery store.

<sup>6</sup> Convenience Store rates are separate and an additive fee beyond the fee due for vehicle fueling positions. Rates per vehicle fueling position also apply to gas stations and service stations with fuel pumps. The fee for any restaurant square footage or restaurant drive-thru in a convenience store will be based on the individual fee rate for the land use, not the convenience store rate.
