IN LOVING MEMORY—Edie Downs

Lover of life, tennis and dancing ...Edie passed away on April 23, 2018. She was 94. Our deepest condolences to her family and friends.

Born in 1924 in Leipzig, she made her way through Germany, Belgium and France often dodging the Nazi patrols. She survived the Holocaust years in France, later becoming a flourishing French citizen and couture designer. In 1957 she came to New York where she met her husband Bud. Her tennis life excelled in Miami where she won many trophies and enjoyed playing mixed doubles with Bud.

They retired to New Smyrna Beach, then Palm Coast in the mid 80's, where she continued her tennis life at the Players Club and then Palm Coast Tennis Center where she played until 9 months before her death. She was a survivor, hero and role model to all, and will be missed by many.

RAIN PROCEDURES

You can still check the most current status of whether we are open due to weather at: www.palmcoasttenniscenter.com

This web site is kept up to date daily and at all times during weather closure. Although there may be rain in the forecast, we will typically not close PCTC until it begins to rain on the courts and play is deemed unsafe and/or there is visible lightning in the area.

As soon as the decision is made to close our facility due to weather, an email will immediately go out to ALL Pass Holders. The person who booked the court will be responsible to advise those in their group who are not a Pass Holder. An email will also go out to those scheduled (during the time affected) for clinics or private lessons who are not Pass Holders.

YOUTH

Training the next generation:— Palm Coast kids are loving our weekly clinics!

Last month we held the Florida District Tournaments here at PCTC. It is always exciting to see these young talented players emerging!

Congratulations to the winners: Bartram Trial HS (Boys) and Nease HS (Girls)

Thanks to Jody Harrington & Nancy Gardner for all their help coordinating the court assignments—your help is much appreciated!!
