### PALM COAST MEN'S 25K: A USTA M25 EVENT—A GREAT SUCCESS!

It was an exciting week, as PCTC hosted this tourney for the 10th year! Leadership from the National USTA headquarters came on-site to honor and thank PCTC with a 10-year award, a beautiful etched bowl that you can enjoy seeing at the front desk. Our post-event review by USTA gave our facility and all who worked this event very high ratings once again! Over 50 young men from around the globe came to compete.

### PASS HOLDER SPOTLIGHT: STEVE & JEANNE MAGER

Steve & Jeanne both grew up in Massachusetts (Pepperell -New Bedford) and attended Fitchburg State College where they met and dated (college sweethearts!). Steve worked as a middle school math teacher in Fitchburg for 7 years before they moved to the Fredericksburg, VA area where he was a high school math teacher for 21 years and middle school teacher for the last 9 years. He also coached basketball (boys & girls), baseball and cross country. Jeanne worked as a Registered Nurse in a variety of areas, with the last 18 years as a school nurse in elementary, high school and tech school. They have 2 daughters: Stephanie who lives in Houston and works as a geologist for BP and Katie who lives in NYC and is a graphic designer. They have two wonderful grandsons: Max who is 4 and Milo who will soon be 2. After living in the Fredericksburg area for 27 years, they retired to Pinehurst, NC for 5 years where they lived and breathed golf. After deciding the winters were still too cold, they followed friends down to Florida. By then they had been bitten by the tennis and pickle ball bug and actually checked out PCTC before they even bought here. They both took up tennis after turning 60! Their hobbies include biking, golf, pickle ball, walking, going to the gym and anything that includes exercise. They also enjoy volunteering in the community and anything involving PCTC.

We want to give Steve and Jeanne a HUGE thanks for all their hard work volunteering during the Palm Coast Men's 25K (formerly Futures) tournament this year! They were here every day, even showing up to help out on days they were not signed up, just to see where they could help, and it was especially appreciated on Thursday, which turned out to be a very rainy morning. They jumped right in to help us get the facility up and running! Thank you Steve and Jeanne, we love your enthusiasm, support and positive attitudes!
