

Consolidated Annual Performance and Evaluation Report (CAPER)

FFY 2019
(October 1, 2019 to September 30, 2020)

Submitted To:

US Department of Housing and Urban Development (HUD)

CR-05 - Goals and Outcomes

Progress the jurisdiction has made in carrying out its strategic plan and its action plan. 91.520(a)

This could be an overview that includes major initiatives and highlights that were proposed and executed throughout the program year.

In FFY 2019 (FY October 1, 2019 to September 30, 2020), the City accomplished the following:

- Assisted 10 low- and moderate- income households with home repairs, additionally, the City has started the next round of Housing Rehabilitation assistance program, and
- Provided scholarships to 37 low- and moderate- income students to participate in a variety of City recreational activities, including, summer camp, swim and golf lessons.

Comparison of the proposed versus actual outcomes for each outcome measure submitted with the consolidated plan and explain, if applicable, why progress was not made toward meeting goals and objectives. 91.520(g)

Categories, priority levels, funding sources and amounts, outcomes/objectives, goal outcome indicators, units of measure, targets, actual outcomes/outputs, and percentage completed for each of the grantee's program year goals.

Table 1 - Accomplishments – Program Year & Strategic Plan to Date

Assess how the jurisdiction’s use of funds, particularly CDBG, addresses the priorities and specific objectives identified in the plan, giving special attention to the highest priority activities identified.

The City in its Consolidated Action Plan identified infrastructure projects, housing assistance, and public service as its three main activities. The expenditures in the completed fiscal year reflect that the City is generally meeting its target to meeting the strategic goals. The Seminole Woods Neighborhood Multi-use path project was completed last year. An additional 10 low-moderate income households were provided financial assistance for home repair, and 37 students from low-moderate income families received financial assistance through the City's Summer Camp program. It is noted that a more concentrated effort is needed to ensure that available funds for public service activities are expended. To accomplish the strategic plan goals of providing public service, the City has directed its consultant to design a grant program for non-profit public service providers. This program is intended to assist in the disbursement of funding to benefit the low-moderate income population in the City.

CR-10 - Racial and Ethnic composition of families assisted

Describe the families assisted (including the racial and ethnic status of families assisted).

Narrative

The expanded table shown as an attachment to this report provides a break down of the racial and ethnic composition of families assisted. (See Attachment 3)

CR-15 - Resources and Investments 91.520(a)

Identify the resources made available

Source of Funds	Source	Resources Made Available	Amount Expended During Program Year
CDBG	public - federal	487,895	36,950

Table 3 - Resources Made Available

Narrative

Based on IDIS Report PR-23 (See Attachment 1), the City expended \$36,950.00 in CDBG funds in Program Year 2019. \$17,000 were expended for public service youth activities and \$19,950 for general administration of the program. The PR 23 does not reflect that \$202,287 were drawn in June 2019 (PY'18) for the housing rehabilitation program. The housing activities funded with those dollars were completed and reported in PY'19 (this current report).

Identify the geographic distribution and location of investments

Target Area	Planned Percentage of Allocation	Actual Percentage of Allocation	Narrative Description

Table 4 – Identify the geographic distribution and location of investments

Narrative

There are no target areas for CDBG activities in the City of Palm Coast. Housing units receiving CDBG funding are on individual scattered sites, while individuals receiving assistance through CDBG funds are qualified based on income.

Leveraging

Explain how federal funds leveraged additional resources (private, state and local funds), including a description of how matching requirements were satisfied, as well as how any publicly owned land or property located within the jurisdiction that were used to address the needs identified in the plan.

City In-Kind Services

The City's main strategy in leveraging available CDBG funding is to provide in-kind services or the use of in-house staff to complete project tasks. City staff will typically complete planning, design, and construction services as part of an infrastructure project.

The housing program is administered and managed by the Community Development Department with the assistance of a consulting firm, Guardian Community Resources Management.

Along with administering the housing program, the Community Development Department completes the necessary planning documents for the CDBG program including: the Consolidated Action Plan, the Annual Action Plan, the Consolidated Annual Performance and Evaluation Report (CAPER), and the Citizens Participation Plan as well as any updates to the documents named above.

The City's strategy to use in-house talent to complete tasks related to the CDBG program allows the CDBG dollars to be used directly for the delivery of projects and stretches the availability of CDBG dollars to the community.

CR-20 - Affordable Housing 91.520(b)

Evaluation of the jurisdiction's progress in providing affordable housing, including the number and types of families served, the number of extremely low-income, low-income, moderate-income, and middle-income persons served.

	One-Year Goal	Actual
Number of Homeless households to be provided affordable housing units	0	0
Number of Non-Homeless households to be provided affordable housing units	6	10
Number of Special-Needs households to be provided affordable housing units	0	0
Total	6	10

Table 5 – Number of Households

	One-Year Goal	Actual
Number of households supported through Rental Assistance	0	0
Number of households supported through The Production of New Units	0	0
Number of households supported through Rehab of Existing Units	6	10
Number of households supported through Acquisition of Existing Units	0	0
Total	6	10

Table 6 – Number of Households Supported

Discuss the difference between goals and outcomes and problems encountered in meeting these goals.

The City met its stated one-year goal of completing 4 homes per year by completing 10. The City has started the next cycle of housing rehabilitation activities and expect an additional 15 homes to be completed in the cycle.

Discuss how these outcomes will impact future annual action plans.

Include the number of extremely low-income, low-income, and moderate-income persons served by each activity where information on income by family size is required to determine the eligibility of the activity.

Number of Households Served	CDBG Actual	HOME Actual
Extremely Low-income	2	0
Low-income	4	0
Moderate-income	4	0
Total	10	0

Table 7 – Number of Households Served

Narrative Information

The homes completed through the rehabilitation program this year were from extremely low (<30% of area median income), low (31% to <50% of area median income), and moderate (51% to <80% of area median income) families.

CR-25 - Homeless and Other Special Needs 91.220(d, e); 91.320(d, e); 91.520(c)

Evaluate the jurisdiction's progress in meeting its specific objectives for reducing and ending homelessness through:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Volusia/Flagler County Coalition for the Homeless (The Coalition) has the primary responsibility for providing leadership in the Continuum of Care planning process to identify homeless and homelessness prevention priorities for the Flagler-Volusia County area. As the lead agency, the Coalition has the following responsibilities:

- Apply For, Administer and Coordinate CoC, and Basic Needs Funds,
- Operate the Homeless Information Management System (HMIS) Database,
- Meet Federal and State CoC Requirements,
- Lead and CoC Planning Process,
- Educated the Community, and
- Advocate for the Homeless

As stated in the Consolidated Plan, the City recognizes the conclusions and recommendations provided in the Coalition's report titled: **Come Home: A Roadmap to End Homelessness in Volusia and Flagler Counties**. This document which serves as a roadmap to ending homelessness in the Volusia-Flagler County areas establishes goals and outcomes as a "means to effect change and end homelessness".

It is the City's strategy to identify actions to complement the allocation priorities established within the Coalition's report. The City's plan to address homeless needs through other priorities is necessitated by recognition of the following: limited funds are available to the City through the CDBG program to address all the needs in the City, the City's limited capacity to provide social services, however, the City recognizes that there are local agencies and services available, which will be used as a resource to address homeless needs, and finally, a recognition that there are limited homeless persons in the City and that the most effective way to address homelessness in the City is to assist households from becoming homeless.

Prevention or assisting households from becoming homeless is consistent with strategies and programs addressed within the Consolidated Action Plan such as funding to assist low-moderate income households with home repair, expanding public services to assist low-moderate income persons, and providing for public facilities and infrastructure that assists whole neighborhoods to maintain a desirability and livability condition that encourages additional new investment from the community.

Addressing the emergency shelter and transitional housing needs of homeless persons

See narrative above.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: likely to become homeless after being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); and, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

See narrative above.

CR-30 - Public Housing 91.220(h); 91.320(j)

Actions taken to address the needs of public housing

There are no Public Housing Authority units operating within the City of Palm Coast.

Actions taken to encourage public housing residents to become more involved in management and participate in homeownership

There are no Public Housing Authority units operating within the City of Palm Coast.

Actions taken to provide assistance to troubled PHAs

There are no Public Housing Authority units operating within the City of Palm Coast.

CR-35 - Other Actions 91.220(j)-(k); 91.320(i)-(j)

Actions taken to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment. 91.220 (j); 91.320 (i)

One of the items identified in the City's Analysis of Impediments to Fair Housing Choice (2016) is the less than ideal supply of multi-family units available in the City of Palm Coast. Over the past year, two multi-family projects were completed which added 285 additional multi-family units in the City. These projects are partially financed through the Florida Housing Finance Corporation and would therefore have a certain number of units that will be required to be rented at the Fair Market Rent for the City of Palm Coast.

Actions taken to address obstacles to meeting underserved needs. 91.220(k); 91.320(j)

As stated above, the Analysis of Impediments identified the supply of multi-family housing units as a detriment to housing choice in Palm Coast. City has coordinated with land owners to identify appropriate sites for potential multi-family housing developments.

Actions taken to reduce lead-based paint hazards. 91.220(k); 91.320(j)

The CDBG housing activity incorporates the proper procedures for addressing potential lead-based paint hazards as part of the housing program.

Actions taken to reduce the number of poverty-level families. 91.220(k); 91.320(j)

Public Service activities though not specifically targeting poverty-level families will have the impact of assisting families who may fall into poverty level due to added costs of child care.

Actions taken to develop institutional structure. 91.220(k); 91.320(j)

The City relies on in-house staff and grant administration consultants to implement CDBG activities. The city will continue to rely on developing in-house staff to carry out CDBG activities while relying on consultant staff to assist with details on administration and program requirements.

Actions taken to enhance coordination between public and private housing and social service agencies. 91.220(k); 91.320(j)

The City will continue to consult with housing providers and social service agencies in the development of the Consolidated Action Plan and Annual Action Plan.

Identify actions taken to overcome the effects of any impediments identified in the jurisdictions analysis of impediments to fair housing choice. 91.520(a)

As previously stated, the Analysis of Impediments identified the supply of multi-family housing units as a detriment to housing choice in Palm Coast. City has coordinated with land owners to identify appropriate sites for potential multi-family housing projects. Additionally, the City works with partners such as Mid-Florida Housing Partnership, and the Flagler County Board of Realtors in promoting an annual Housing Fair. The fair provides an opportunity to educate the community of available resources and information on fair housing. As stated in the Analysis of Impediments, education and outreach is another important part of building community consensus on the importance of fair housing and housing choice. Due to concerns over the coronavirus. The Housing Fair was cancelled this year.

CR-40 - Monitoring 91.220 and 91.230

Describe the standards and procedures used to monitor activities carried out in furtherance of the plan and used to ensure long-term compliance with requirements of the programs involved, including minority business outreach and the comprehensive planning requirements

The City continues to follow guidelines outlined in various sources provided by the HUD.

Program managers work with the City's grant administration consultants to reach-out to minority businesses for potential services.

The City follows the requirements in its Citizen Participation Plan to ensure that public input on the Consolidated Action Plan, Annual Action Plan, and the Consolidated Annual Performance and Evaluation Report (CAPER) are considered. Newspaper Ads for the public workshops/hearings are published as well as posting of the workshop notice on the City's website.

Citizen Participation Plan 91.105(d); 91.115(d)

Describe the efforts to provide citizens with reasonable notice and an opportunity to comment on performance reports.

As required by the Citizen Participation Plan a public hearing for the CAPER was advertised in the local newspaper at least 10 days prior to the public hearing (Dec. 2, 2020). Additionally, the CAPER was posted for public comment on the City's website for 15 days (Nov. 19, 2020 to Dec. 3, 2020). The City did not receive any written comments on the CAPER. One citizen provided staff with verbal comments regarding a concern that the City should proceed with caution regarding any public service partnership with Flagler County. Staff responded that any partnership program agreement with Flagler County would be reviewed through a public process that would allow stakeholders and interested parties to comment on a proposed partnership.

CR-45 - CDBG 91.520(c)

Specify the nature of, and reasons for, any changes in the jurisdiction's program objectives

and indications of how the jurisdiction would change its programs as a result of its experiences.

At this time, the City does not intend to change the program objectives based on the result of previous activities.

Does this Jurisdiction have any open Brownfields Economic Development Initiative (BEDI) grants?

No

[BEDI grantees] Describe accomplishments and program outcomes during the last year.
